Gas Safe registration number: 579928

29 April 2025

Dear Anthony Drake,

Your Gas Safe registration has been renewed

Thank you for renewing your Gas Safe registration for another year.

Please contact us to order a new card as soon as any engineer qualifications are reinstated.

The back of your licence card tells you when your work categories will expire. Please check this information to ensure they do not expire soon. Qualifications can be renewed up to six months ahead of expiry without any impact on their lifespan.

Remember, the licence card is for you to show your customers that you are registered, so don't forget to show them.

Recycle your old licence card

We're now able to recycle your old licence card. Simply return it to us using the enclosed free-post envelope and we'll recycle it, safely and securely.

Resources available for your business

As a registered business, you automatically have access to a range of support and information, including:

- Increased business profile. Gas Safe Register receives almost 1 million website queries every year from potential customers looking for gas businesses to carry out work - now that you are registered, they will be able to find you (unless you have chosen to not to be displayed on the website).
- Access to our team of technical experts, all experienced and qualified gas engineers like you, who are there to help. Just email
